INTRODUCTION

ECOMEX Enterprises was founded in January 2009 in Nairobi, Kenya. It has a regional office in Kampala - Uganda.

Ecomex prides itself on meeting modern-day construction challenges and ensuring the successful completion of complex projects. We promise to deliver the highest quality of workmanship and client satisfaction – both imperatives to the Ecomex philosophy. The Company strives to conduct its business fairly and honestly and with consideration to the long-term needs of all its stakeholders, i.e. clients, employees, subcontractors, suppliers and service providers.

“Our approach is uniform: highest quality, commitment to client satisfaction and personal attention to relationships with everyone we work with.”

Ecomex offers contracting services on a wide variety of projects, Design, Build and Renovation as well as the conventional building contracts. Backed by our significant resources, the Company is well placed to effectively tackle projects of any size and complexity.

OUR CERTIFICATIONS

We are licensed by the National Construction Authority (NCA) in the following fields:

- Building construction CAT NCA 6
- Road construction and maintenance CAT NCA 7

OUR VALUES

- **PEOPLE:**
Our greatest asset is our people; from people in the workplace to our clients. We remain true to our founding values of quality, commitment, hard-work and integrity in all our projects, and are proactive in finding solutions for our clients that best achieve their goals. Ecomex places great emphasis on attracting and retaining highly-skilled senior and middle management staff.
- **QUALITY:**
Ecomex Enterprises quality assurance procedures are comprehensive and fully enforced at all stages of any work we undertake to ensure no compromise is made in our service delivery.
- **SAFETY, HEALTH AND ENVIRONMENT:**
Our mission is to achieve and maintain the highest level of Safety, Health and Environmental control in all areas of the Company's operations. Innovative training and education programs allow us to provide our employees and subcontractors with the tools they need to increase safety and reduce the risk on every project we manage.
